**MEMORANDUM OF UNDERSTANDING**

This is my personal statement that I \_\_\_\_\_  
do understand that the Mission Gate Aftercare Program is a nine month program.

If accepted, and approved by Parole and Probation, I do promise to stay for the full nine months and I also fully understand that if I do not complete the entire nine month residential housing and aftercare program, I will likely be required to be on an electronic monitoring device, if approved by Parole and Probation, or if not approved and I leave anyway, I fully understand that I will most likely receive a violation, return to an honor center and my parole may be revoked.
